- ✦ Enjoys exploring diverse cuisines and learning about new cultures

Sally Bang, PA-C, is a joyful and compassionate physician assistant whose patient-centered approach makes her a standout in the field. Known for always having a smile on her face, Sally brings positivity and warmth to every interaction, leaving a lasting impact on all who meet her. Her genuine care and active listening help build strong, trusting relationships with her patients. Sally's passion for medicine was ignited early, accompanying her grandfather to doctor appointments, where she developed a fascination with the human body and its capacity to heal.

Sally holds a Master of Science in Physician Assistant Studies and a Bachelor of Science in Health Science. She completed the Institute for Functional Medicine's Applying Functional Medicine in Clinical Practice (AFMCP) and is working toward full certification through the Institute for Functional Medicine (IFM). Sally takes a holistic approach to healthcare, focusing on identifying the root causes of health issues and developing personalized care plans that prioritize prevention and education. Early on, she began sharing functional medicine tips she learned with Dr. Elyaman in Instagram videos, which quickly became a hit. This experience fueled her passion for educating others and empowering patients to take control of their health.

Outside of her professional life, Sally cherishes her close family relationships and enjoys exploring different cultures through food and cooking. Having recently moved to Wildwood, FL, she continues to build meaningful connections with her patients at Absolute Health. Sally's combination of professional expertise, infectious positivity, and human connection makes her a valued addition to the Absolute Health team, where she provides holistic care that truly addresses the full spectrum of her patients' needs.
